Please describe a summary of work undertaken by the SAC to improve student achievement and school performance.

The SAC supported our work for our SSP goals by providing ideas and allocating money to teacher learning and resources, and student books and learning materials in the areas outlined in our SSP plan.

- January 2024 - funded the PD in vocabulary and content integration for teachers
- Funded materials and books to support SSP Goals (math and literacy)
- Advised us on creating a well-being survey which drove our SSP well-being goals

Please list any significant milestones and success stories that the SAC would like to highlight.

Beaver Bank Kinsac and Beaver Bank Monarch SAC jointly supported 26 teachers in receiving professional development around the 6 pillars of literacy (vocabulary and content integration) over 4 days. We are proud that we connected with another SAC and how impactful our support was for teacher learning and student achievement.

Please describe any related sub-committee work undertaken by SAC members (e.g., School Options Committee).
